## NOW OPEN

# Cobb County Employee Wellness Center and Clinic

This onsite clinic is an alternative location for you to receive the same high-quality, coordinated care you've grown accustomed to at our medical facilities. You will not be required to pay a copay for office visits and prescription drugs picked up at the clinic.

The clinic is jointly operated by HealthStat, an independent onsite clinic provider, and Kaiser Permanente. Kaiser Permanente will provide care exclusively for our Cobb County members. HealthStat will provide care for Blue Cross Blue Shield members.

### Services available when the clinic opens:

- Adult medicine including physicals and acute care\*
- Lab draws

### Service available beginning around mid May:

- Covered dependent care, excluding children under age 2 and Medicare patients
- Limited pharmacy services, including refills
- Lab testing

Walk-ins will be accommodated as best as possible, but scheduling an appointment is preferred. To schedule your first appointment with a Kaiser Permanente provider in the onsite clinic, call the clinic line at **770-528-1924**. Or alternatively you can call Kaiser Permanente Health Line at **404-365-0966**. Subsequent appointments can be scheduled by phone or online at **kp.org**.
