

Transfer your prescriptions

Welcome to Kaiser Permanente

Please fill out this form for yourself and for each family member who takes prescription medication(s) two weeks before you need your medications. You can start this process even before your Connected Care benefits begin with Kaiser Permanente, to help with a smooth transition.

Once we get this form, we will contact you and work with your pharmacy to transfer your medications, coordinate refills, and answer questions. We want to help you get the best value.

You can also call us at **1-844-533-2885**, option 1, 8 a.m. to 5 p.m., Monday through Friday.

Kaiser Permanente has a formulary list of medications and supplies covered under your prescription benefit. If your medication is not on the formulary, one of our pharmacists will work with you and your health care team to update your medication to a formulary product. Our health care team uses the formulary to help determine the safest, most effective prescriptions for you.
