A better experience from the start

We guide you through each step of joining Kaiser Permanente, so you get the care you need without missing a beat.

Search profiles to find the right doctor

Our online doctor profiles let you browse the many doctors and locations in your area, even before you enroll. So you can join knowing you've found a doctor who fits your needs.

Transition your care seamlessly

Easily move prescriptions and schedule a visit with a doctor who's close to your home, work, or school. From day one, you'll have the support you need to help reach your health goals.

Connect to care online

After you enroll, create an account at kp.org or download the Kaiser Permanente app.

Then manage your health on your schedule – whenever, wherever.

Care centered around you

Care at Kaiser Permanente isn't one-size-fits-all. Our physician-led teams work together to make sure the care you get is tailored to your needs. Your care team is all part of the same network, making it easy to share information, see your health history, and deliver high-quality, personalized care – when and where you need it.

Your healthy place should reflect who you are

We believe your story, background, and values are as important as your health history. To help deliver care that's sensitive to your culture, ethnicity, and lifestyle, we:

- Hire doctors and staff who speak more than one language
- Offer phone interpretation services in more than 150 languages
- Improved health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer³

Get seamless care with the help of your electronic health record

Share your health history and any concerns with your personal doctor.

Your doctor coordinates your care, so you don't have to worry about where to go or who to call next.

Future care teams have a full picture of your health history – without you having to repeat your story.

With your health records in hand, your care team knows your needs in the moment and reminds you to schedule checkups and tests. Plus, you can view your records 24/7.

Great care, great results

From preventive screenings that keep you healthy to world-class care if you get sick, we've got you covered.

Preventive care to keep you healthy

Preventive care is key to how we practice medicine. It can help you avoid some health issues and catch others before they become serious.

Your electronic health record plays a vital role. It tracks your preventive care services and sends reminders when you're due for your next screening. We'll let you know when to come in so you're free to focus on living your life.

Specialty care when you need it

We're also here for you if you get sick or need specialty care. With one of the largest multispecialty medical groups in the country, we can conveniently connect you with the right specialist. And you don't need referrals for most specialties, like obstetrics-gynecology, psychiatry, and drug dependency services. A referral is required for non-plan providers.

From high-quality maternity care to treatment for cancer, heart problems, and more, you get great providers, the latest technology, and evidence-based care – all combined to help you recover quickly.

Support for ongoing conditions

If you have a condition like diabetes or heart disease, you're automatically enrolled in a disease management program for personal coaching and support. With a well-rounded approach backed by proven best practices and advanced technology, we'll help you get the care you need to continue living life to the fullest.

A leader in clinical quality

In 2020, Kaiser Permanente led the nation as the top performer in 26 effectiveness-of-care measures – the most of any health plan.⁴ These measures include:

- Prevention and screening
- Cardiovascular care
- Comprehensive diabetes care
- Mental health
- Maternity care

A close-up photograph of a person's hand holding a smartphone. The phone's screen displays a video of a Black male doctor in a white lab coat, blue shirt, and green patterned tie, speaking with his hands clasped. The background of the phone's video is a bright, windowed area. The person holding the phone is wearing a black leather bracelet and a gold-toned metal bracelet. The overall scene is set in a blurred, brightly lit environment, possibly a hospital or clinic.

Pharmacy

Our award-winning pharmacy system is the very heart of our ‘under one roof’ care experience. In most of our 26 medical offices, you can pick up your prescription or consult a Kaiser Permanente pharmacist on your way out the door. No more traffic. No more stops.

Getting started

Whether you’re transitioning from another provider or simply starting out fresh, it’s easier than you think to get started at Kaiser Permanente. Our formulary is different than Emory’s Formulary. To see where your current medications fall, visit kp.org/formulary and choose 2022 Five-Tier plan formulary.

Step 1 - Make the call

Once you get your Kaiser Permanente ID Card, call the dedicated New Member Desk number at **404-760-3540**, Monday-Friday, 7am -7pm. We’ll help schedule your first office visit with your new Kaiser Permanente provider.

Remember, to receive prescriptions under your drug benefit, you will need prescriptions written by your Kaiser Permanente physician. You and your physician may discuss cost effective alternative(s). If your prescription regimen is complex, to prepare for your physician appointment, you may also be offered the opportunity to schedule a pharmacy telephone consult appointment to discuss your medications. You’ll just need to have available the following during each appointment:

- Your Kaiser Permanente medical record number
- Your current prescription bottles

Step 2 - Visit your provider

At your visit, we’ll help make sure you have a medication plan that’s right for you.

Step 3 - Fill your prescription

You can get your prescription filled at any one of the pharmacies located in our many Kaiser Permanente medical offices.

Getting Refills

You have three easy options for getting refills:

- Order online at kp.org/rxrefill.
- Order from your mobile device by visiting m.kp.org or through the Kaiser Permanente app (download for free from your preferred app site).
- Call our 24-hour refill line at **770-434-2008**.

You can even skip the trip! Most refills can be mailed directly to your home. You’ll usually receive them within five to seven business days, and can save money on a 90-day supply.

Questions

If you have questions or would like a copy of our preferred drug list, call us directly at **404-261-2590**, Monday-Friday, 7am -7pm. or visit kp.org/formulary and select 2022 Five Tier plan formulary*.

* The Kaiser Permanente formulary is different and may result in a change in copay.

OUR PHARMACY DELIVERS.

Most Kaiser Permanente medical centers feature full-service pharmacies for under-one-roof convenience, but for most prescriptions, you can save time and money by letting us deliver right to your door—with same and next day delivery available.
