**Appointments or 24/7 medical advice

¹An urgent care need is one that requires prompt medical attention, usually within 24 or 48 hours, but is not an emergency medical condition. This can include minor injuries, backaches, earaches, sore throats, coughs, upper-respiratory symptoms, and frequent urination or a burning sensation when urinating.

If you reasonably believe you have an emergency medical condition, call 911 or go to the nearest emergency department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage* or other plan documents.

²Minor Injury Center is for minor injuries and cuts only, and is by appointment only. For illnesses, call for a same-day appointment in Adult Medicine, Pediatrics, or Women's Health (Ob-Gyn).
