

If you live in the Colorado region and choose to enroll in Kaiser Permanente, you will be assigned to a "sub-region" or service area for example Denver/Boulder, Northern Colorado, Southern Colorado, etc. These sub-region assignments are important for determining if a provider is considered in or out of network and will impact the individual cost share or copay you will be required to pay.

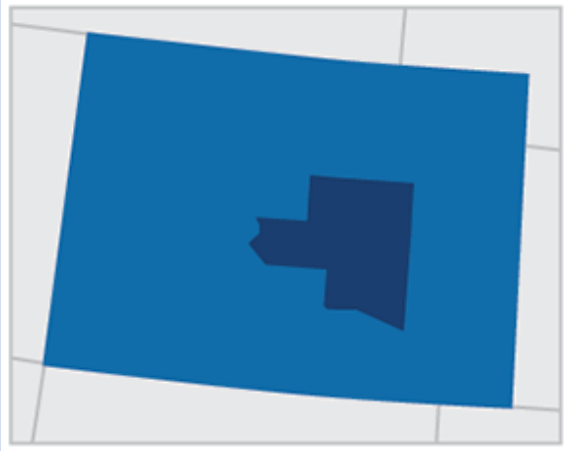

Providers in member's assigned sub-region:

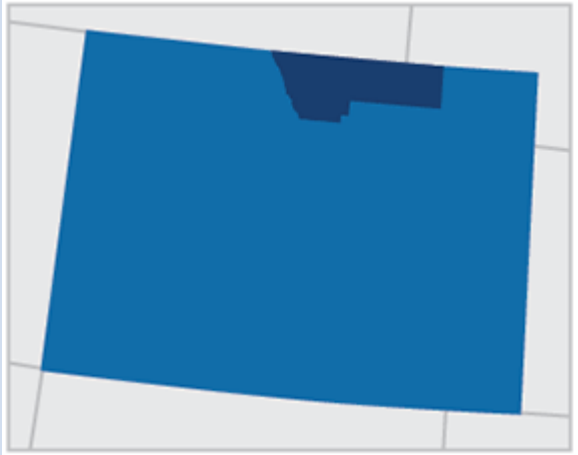

- Permanente Medical Group physicians – Considered In-Network
- Affiliated Providers – Considered In-Network (In the Denver/Boulder sub-region, referrals are required for patients to be able to receive treatment from an Affiliated Provider)

Providers outside of the member's assigned sub-region:

- Permanente Medical Group physicians – Considered In-Network
- Affiliated Providers – Considered Out-of-Network

Once enrolled, members can obtain their sub-region on the back of their ID card. Members can also obtain this information by calling the customer service number on the back of their ID card.

Sub-region	Zip Codes
